THEMES

Letters: L,V,K

Number: 9

Shape: Heart

Color: Pink and Purple

This month we will be celebrating Valentine's Day and will focus on friendship, caring and sharing, and kindness. We will continue to practice writing our names and work on our scissor skills. Evaluations have started and we will continue this process throughout the month.

VALENTINE'S DAY PARTIES

We will have our Valentine's Day parties on Wednesday, February 13 (MWF class) and Thursday, February 14 (TTH class). We will decorate bags in our class to hold all our valentines. When writing out your child's valentines, please have them only write their name on the "From" part of the card. Please leave the "To" part of the card blank. It is much easier for each child to put a card in each bag without looking for names. We have a really fun day planned with lots of activities!

MYSTERY GUEST READERS

If you would like to come in and be a guest reader for our class, we will have a sign-up calendar sheet posted in the hall for you to schedule a day that works best for you. We ask that you come in around 1:20 and share a story with our class before we leave for the end of the day. We try to keep it a surprise for the kids, and they love to guess who they think is coming in! It's so much fun, and we hope you all have a chance to surprise our class. We welcome grandparents, aunts, uncles, and anyone special to your child!
