Winter, Polar Animals  
& Hibernation

### Important Dates

January 3rd- First day  
Back to school.

January 13th- Library

January 16<sup>th</sup>-No School

January 27th- Library

### What we will be working on...

Language Arts: We will be working on letter recognition and sounds for the letters W, I, J & X.

We will be doing literacy units on the books *The Mitten* and *the Snowy Day*.

Math: We will be learning to recognize the numerical and written form of 6 & 7. We will work on one to one correspondence, basic addition and patterning.

Science: We will be learning about Polar animals; differentiating between Arctic and Antarctic animals as well as climate similarities. We will also learn about winter weather and hibernating animals.

As the new year begins, we will be looking for more independent skills from the children. Please encourage your child to do as much for themselves as possible.

Rhyming is an important, pre-reading skill that we have been working on in class. Please support this by adding daily rhyming games and practice into your routine at home.

If your child is exhibiting any symptoms of illness please keep them home. We are trying to keep everyone safe during this cold, flu & Covid season.

\*\*\*As the weather gets colder, please remember, if your child wears boots to school, they will need to bring sneakers to change into. \*\*\*
