### SPOTLIGHT

Wow! We can't believe this year is drawing to a close! What an amazing time we have had teaching your little ones! It's that time of year for fun in the sun. With that, if you have any vacations planned at the end of the school year, please let us know so that we can send your child's belongings home early.

As a reminder, we are now taking the kiddos outside to the playground. Given that our play area is mulched, please make sure they are wearing appropriate footwear to prevent mulch from getting into their shoes. Socks and sneakers work best and should be put on before entering the class. Also, we do not apply sunscreen, so make sure you put it on your child before school.

Hope you all have a wonderful Mother's Day!
