September Newsletter

SPOTLIGHT

The month of September is about acclimating your child to a school environment. While many of these kiddos will shed some tears saying goodbye, please know this is only temporary. A quick goodbye is best for you AND your child.

We will be spending some time in the gym each day letting the little ones get out some energy. Please make sure they have appropriate footwear (sneakers are our preference).

LESSONS

- We will be practicing our classmates names through the song "Baby Shark." In a few weeks, see how your child reacts to the song when you sing at home!
- We will begin to work on simple crafts: large paint brushes, finger paints and crayons.
- We are focusing the first part of our year on the primary colors. Each month we learn a different color, through crafts, games, songs, and stories. This will culminate with rainbow week mid-year.

SONG OF THE MONTH:
