

# 3s' Class October Newsletter

## Hello Fall!

In the upcoming weeks, we are learning about Fall and the amazing changes all around us! As we explore outside, we will observe how the trees change, how the animals prepare for winter, and we will also celebrate Halloween.

Our shape for October is square. Our color for October is orange. Our letters will be L, P, O, and H. We continue strengthening our hand muscles and independently taking care of our materials. Please help your child practice doing as much as they can with guidance, not doing it for them. Such confidence and encouragement will go a long way for future learning!

Our daily songs, calendar counting, and circle time gatherings have established our routines and classroom expectations. Ask your child about our songs "Welcome to our Classroom!" and "Who Came to School Today?"

Count everyday objects, look for shapes and colors, and read, read, read! Listening to stories is a very big part of becoming a good reader, so enjoy those snuggles and reading time together!

If you have any questions, please feel free to reach out. We love your kiddos and enjoy playing and laughing with them each day they come to school! Thank you!

~ Miss Deb, Ms. Elizabeth, and Ms. Ella
