

April Newsletter

3's Class

Important Dates:

April 16 Easter Parade and Egg Hunt

No morning or aftercare.

April 17- 21 No School: Easter Break

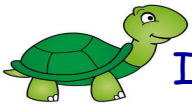

April 22 Welcome Back! It's Earth Day!

April showers bring May flowers, and we will finish our Dinosaur unit, welcome April then get ready for Easter!

We will also celebrate our amazing planet and explore new life that is all around us, especially pond life, insects, and flowers.

Our color this month is **Blue**, and our shape of the month is triangle. We are counting to 10, making sets to equal 10, writing numbers, and sorting objects into groups by color, shape, and size. Our letters this month will be U, D, T, and N, with lots of review of all our letters and sounds.

It's unbelievable that we only have 2 months with your kiddos before summer begins! Yet it is such a blessing to see the amazing things they have accomplished this year.

We are very grateful to be part of their preschool journey and look forward to the great things ahead.

Please continue to read every day with your child and let us know if you have any questions.

Many Blessings,
Miss Deb and Miss Stacie
