

Toddler Newsletter

September 2025

Welcome

The month of September is all about acclimating your child to a school environment. While many kiddos will shed some tears saying goodbye, please know this is only temporary. A quick goodbye is best for you AND your child.

About Our Class

- We will practice classmates names through the song "Baby Shark." In a few weeks, see how your child reacts to the song when you sing at home!
- We will work on simple crafts using large paintbrushes, finger paints and crayons.
- We will focus the first part of our year on the primary colors; learning a different color each month through crafts, games, songs, and stories.
- We will go to the gym each day to get out some energy. Please make sure your child has appropriate footwear (sneakers are our preference).

Supplies Needed

- Paper towels
- Wipes (for crafts)

Important Dates
